

# Carlos Junod

Full Stack Developer – UI/UX Designer

+1 (321) 352 0116  
hello@carlosjunod.me  
www.carlosjunod.me

## About Me:

Over the past 8 years, I have developed enterprise-grade applications using Node.js (express.js), Java (Spring Boot), and JavaScript (+TypeScript) with libraries like React, Redux/MobX. I have also implemented CD/CI pipelines with tools such as Jenkins, OpenShift / Kubernetes to optimize and automate unit testing, reducing delivery time for the team.

## Key Skills

### Front-End

JavaScript  
React.js  
Redux / MobX  
Next.js  
Jest / Mocha / Chai /  
React Testing Library  
React Native  
Webpack  
CSS 3 / HTML 5  
Sass, Less, Stylus  
Tailwind  
Bootstrap / Foundation  
jQuery

### Backend

Node.js (Express.js)  
Java (Spring Boot)  
PHP (Laravel)

### Data Bases

Relational (Oracle SQL,  
MySQL, DynamoDB)  
Non-Relational  
(MongoDB)

### Cloud Services

**AWS** (IAM, EC2, S3,  
Lambda, DynamoDB)  
**Azure**

### DevOps

OpenShift  
Jenkins  
CD/CI  
Kubernetes

### Agile Methodology tools

Strong Agile oriented  
Jira  
Rally Software

### Others

Spanish (Native language)  
WordPress (themes and  
plug-ins)

### Design Tools

Figma  
Adobe XD  
Sketch  
Illustrator  
Photoshop

## Work History

### Walmart Tech

**Brooksource**  
Full stack developer  
Jacksonville, FL  
Jun 2018 - Jan 2020

As a Front-end developer at Technical Youth, I worked with their largest client building the front-end and proxy layer for an internal tiered approval process application based on web technologies. This application allows multiple users with different roles to submit, manage, and rework requests within the approval workflow. Other key features include form validation and file attachment uploading. Responsibilities:

- Front-end Development based on provided mockups
- Creation of reusable components in React.js.
- Creation Proxy Server Node.js
- Creation of complex forms and validation.

**Used Technologies:** JavaScript, React.js, CSS3, HTML, Webpack, Node.js, Express.js, Oracle SQL, Jenkins, OpenShift.

**Simplicity Solutions**

Orange City, FL  
Developer – UX  
Designer  
Nov 2017 - Jun 2018

As a Developer and Designer, I was able to work in different roles for various projects doing front-end and back-end development, UX design, ecommerce development, mobile applications, WordPress + WooCommerce development for companies such as eatnakedla.com, burstvr.com, Guidecentral (web and mobile app).

**Used Technologies/Applications:** JavaScript, CSS 3, SASS, HTML 5, PHP, WordPress, AWS (IAM, Lambda Functions), Maria DB, Ionic, Apache Cordova, Photoshop, Illustrator, InVision.

**Huella Producciones**

Art Director / Web  
developer  
Temuco, Chile  
Jan 2010 - Dec 2014

As one of the founders of Huella Producciones I oversaw art direction and the quality assessment of all the products we shipped for our government and private clients. Also, I developed/oversaw more than hundred WordPress themes for government web projects and multiple branding creation for government supported companies. In addition, I was in charge of the recruitment of new designers and developers.

**Used Technologies/Applications:** JavaScript, jQuery, CSS 3, SASS, HTML 5, PHP, WordPress, MySQL, Bootstrap, Zurb Foundation, ActionScript, Python, Django Photoshop, Illustrator, InDesign, Adobe Flash.
